# RAMAH CHAMBER NEWS

Ramah citizens have called the Ramah Chamber of Commerce to complain that hundreds of birds died after the numerous sprayings using all of Calhan purchased mosquito spray.

It also potentially poisoned citizens, since dogs and cats were sick for weeks, some pets perished and some individuals reported adverse effects from the spray.

Citizens there feel she should resign her clerks job in Ramah also.

Dear Ms. Fredman:

This letter is in response to your open records request dated April 4, 2017 (the "Request"), seeking public records related to an investigation prompted by allegations described in a letter from the Sanders Law Firm, LLC (the "Investigation").

Please find enclosed the agenda and minutes for the regular meeting of January 9, 2017, which included an attorney-client privileged discussion of the results of the investigation. The audio recording of the executive session consists of 43 seconds during which the Town Attorney recites, pursuant to C.R.S. § 24-6-401(5)(II)(B), that no further record will be kept of the discussion because it constitutes a privileged attorney-client communication. The audio recording also includes the voice vote of at least two-thirds of the quorum of the Board of Trustees present consenting to enter into executive session, as required by C.R.S. § 24-72-402(4)(b).

Also enclosed herewith is a letter from Town Attorney Jeff Parker, dated January 18, 2017. Please note I am withholding from disclosure and documentation as privileged, as required by C.R.S. § 24-72-204(4), a confidential attorney-client communication in response to a request from Mr. Parker to me, dated January 18, 2017. I am compelled by C.R.S. § 24-72-203(3)(a)(i) to make the subject of inspection of all attorney-client privileged records.

These constitute the total records in my control and possession responsive to the Request.

Cordially,

Cindy M Tompkins, CMC  
Town Clerk
